Zeile 1:

If a staff member has accounts in both UNIGRAZonline and TUGRAZonline, it is recommended to change both passwords at the same time once a year.

Since staff members with two accounts also receive two email addresses, it is recommended to set up a forwarding to the own email address. This can be done at the University of Graz under [<https://emailforward.uni-graz.at/> emailforward.uni-graz.at] and at the TU Graz in [<https://tu4u.tugraz.at/bedienstete/it-anleitungen-bedienstete/e-mail/e-mail-weiterleitung-in-der-outlook-web-app-einrichten/> Outlook WebAccess]. Then you will receive the notification about the expiration of the password.
